I don't think we are using the same ftp folder

Can you send that layer directly to Janine?

The 3 zones should be in a zip folder on tceq ftp. Search for words 'online' or 'zone' in the file name. I'm a few minutes away from office. Will resend the data if you havent found it by the time i get there

Hello Eric,

This data should be on the TCEQ FTP. Was Susan able to get you access?

We cannot find the zones and sample sites on the ftp. Can you make sure my account has access. Or send me the ftp directory URL?

Temple/Carol,

Are you all including the sample sites in the geodatabase you are uploading to the FTP site? If not, can you add them?
